

## PROPOSAL SUMMARY DECEMBER 2016

ADDITIONAL SECONDARY SCHOOLING CAPACITY IN RIPLEY VALLEY	
LOCATION	SEQ
RESPONSIBLE AGENCY	Department of Education and Training
PROPOSAL STAGE OF DEVELOPMENT	Strategic Business Case complete
PLANNED STAGE END DATE	Not Applicable
NEED	The Ripley Valley Priority Development Area is a large master-planned greenfield development, expected to grow from a current population of 3,764 residents to more than 100,000 beyond 2036. Ripley Valley is a significant future growth area for the South East Queensland region and for the state. Projected growth in the school-aged population is expected to exceed capacity of the four existing state schools servicing the area.
PROPOSAL	The objective of the proposal is to deliver additional state schooling capacity in this emerging, master-planned community. The proposal considers the construction of new state schooling capacity to address forecasted growth in the school-aged population.
NEXT STEPS	Commence Preliminary Business Case      Building Queensland to assist Preliminary Business Case
